

Training and Simulation Industry Symposium

MG Jon Maddux
Program Executive Officer
Simulation, Training and Instrumentation

18 June 2015

PEO STRI OBJECTIVES

VISION

Provider of Choice for Adaptive Training and Testing Environments to Optimize Soldier Performance.

MISSION

Develop, Acquire and Sustain Simulation, Training, Testing, and Modeling Solutions to Achieve Army Readiness.

PEO STRI ORGANIZATION CHART

* Acting

PEO
MG JON MADDUX

DPEO *

MS. CHERIE SMITH

PERSONAL STAFF

| | |
|--------------------------------------|---|
| XO MAJ MIKE RAMSAY | SGM SGM ALAN HIGGS |
| EXEC ASST MS. HELEN ANGELL | CHIEF COUNSEL MR. STEVE DAVIS |

SPECIAL STAFF

| | |
|---|----------------------------------|
| TECH DIR * <p>MS. CINDY HARRISON</p> | OSBP MR. RANDY EDNEY |
| PAO MS. KRISTEN MCCULLOUGH | IPO MR. DALE WHITTAKER |
| EEO MANAGER MR. KENNETH RICHMOND | BBP DIR MR. JOHN KIRCH |

COS
COL TIM WALLACE

DCOS
MS. TRACI JONES

| | | | |
|------------------------------|-----------------------------|--------------------------------|------------------------------------|
| G1 MS. LISA TAYLOR | G2 MR. MATT PALCO | G3 MR. SCOTT PULFORD | G4 MR. AL EVANGELISTA |
| G5 MR. FRAN FIERKO | G6 MR. TIM O'HARA | G7 MS. CAROL SPICER | G8 * MS. MICHELE GENTILE |

MODERNIZATION STRATEGY IN A FISCALLY CHALLENGED ENVIRONMENT

OUR VISION: A COLLABORATIVE FOCUS ON SCIENCE AND TECHNOLOGY TO OPTIMIZE HUMAN PERFORMANCE

* Supported by Enterprise Architecture

- | | |
|---|--|
| ATESS - Army Tactical Engagement Simulation System | MM&S - Medical Modeling and Simulation |
| BAA - Broad Agency Announcement | SBIR - Small Business Innovative Research |
| CRADA - Cooperative Research and Development Agreement | STE - Synthetic Training Environment |
| FHTE-LS - Future Holistic Training Environment - Live Synthetic | TIS - Training Instrumentation System |
| ILTE - Integrated Live Virtual Constructive Test Environment | TTA - Technology Transition Agreement |
| IR&D - Independent Research and Development | UARC - University Affiliated Research Center |

TSIS Objectives

- Increase the dialogue between Government, Industry and Academia.
- Focus on Government S&T, Industry IRAD and Academia efforts on the top two portions of the AAE's "Pyramid": S&T and New Systems.
- Identify potential paths to success in developing S&T to address Army training capability gaps (6.1/6.2), transitioning S&T solutions into the acquisition phase (6.3/6.4), and making Government S&T solutions available/useful to industry partners concurrently with contract award.
- Share mid-to long-term opportunities with Industry, to include potential new Programs of Record (POR).

WHEN ALL IS SAID AND DONE...

We work for our Soldiers!
